

Phantoms and Eagles – Safety and realism through Attitude, Discipline & Training.

Join us for a presentation on and the discussion of attitudes, training and discipline acquired and embraced during Col. Jim Neu's twenty-six years in the Air Force. The end result is a dramatic improvement in flying safety through lessons learned and shared from the much more dangerous and realistic training for low altitude high speed & formation military flying. There is a modest fee for this event to support SoCal Pilots Association. Please refer to www.socalpilots.org for additional details.
